Dear Mr Frat,
I started out as a
freshman in your Spanish
class and I left knowing Id
have to take it over (Bummer)
I thank you for the love you
have shown me for all those years
"Hi Laureen" when I though no-one
cared how I was. Thank for that
love. You life has been a really
example for me to strive for.
I hope you will return to teaching
so I can see you more
often. Well, Thanks for
your love.
Love ya,
Laureen

Mr Frat,

Hi Mr. Graticelli:
It's been a great year with you, this is my first year here and you really teach me a lot, and I feel that you are straight, but it's okay, I use to it. So I hope you have a radical summer and I hope I will come back next year or you will not be the head dean (just kidding)!
God bless you,

Your Sincerely,

WE ARE FAMILY

Mr. Grat,
Youre a real super teacher & remember western civ. my freshmen year & spanish last year. Too bad you didn't teach spanish this year. See ya next year as a Big SENIOR. Love, Sylvia

Indeed we <u>are</u> family. We are a group of dedicated adults, both staff and parents. We are a group of insatiably curious kids. We work hard in the classroom and play hard outside of it. We eat together. We study together. We laugh together...sometimes we cry together. We also get to worship and pray together...those are good times. We don't always see eye-to-eye, but we learn to get along and we learn a lot about life. You see, we have a few things in common, such as, God loves all of us equally. Monte Vista was founded on that promise. We believe that because we've given thanks to our Heavenly Father for His innumerable blessings we are able to cebebrate our 56th year. Come around sometime...see what God is doing. Take Airport Blvd. off Highway 1; turn left onto Green Valley Road; turn right onto Casserly; and, left onto Wheelock. We'll look forward to seeing you.

PRESIDENT'S MESSAGE

Dear Departing Seniors--Now it is your turn!

Now you are an alumnus of a renowned Christian school from which many have gone out during 55 years to make fine homes and careers.

Someone said, "Advice is least heeded when most needed," so we're not adding any more to the months of words and examples during your Monte Vista sojourn.

You are bound to join one of two groups of alumni. You are certain to show that the ideals and training offered here prove to be true. Following them through the years to come, will result in the predictable outcome of a good Christian home and useful career.

Not following them will result in the predictable outcomes of--I don't have to tell you. A few alumni will even tell you how they have returned to serving the Lord and how they could have saved themselves years of unhappiness and serious mistakes.

I'm thankful to be an alumnus ('35) who with a beautiful girl from the class of '44 chose the scripture, "as for me and my house, we serve the Lord."

According to policy, this group of individuals is responsible for the organization and leadership of all school personnel; to bring about sound education. Thus, at MV, these men are charged with the spiritual, academic, social, and financial success of the school. The ministering to others with God's guidance, is really the primary mandate given to these men.

Spiritual Program;

The Monte Vista Spiritual Program, Involving the Bible classes, chapel programs, spiritual emphasis periods, dorm Bible studies, and staff fellowships, is the crimson thread that ties the entire school together. It insures that Jesus is at the center of all we do, and that He gets the glory for all that is accomplished.

The object of our spiritual program is to have a student body that loves and serves the Lord. We pray and work toward this goal.

The Way We Were

Alumni; Mr. Graham

I came to Monte Vista as a Sophomore boarding student from Washington. I really looked forward to coming because for me it was a real adventure. I loved the beaches and California climate and was involved in sports and other activities. The school has changed and grown a great deal since I was a student, but much of the atmosphere remains.

After graduation, I decided to come back to MV to teach. The Lord seemed to be directing me here.

I have always believed in the potential of each student here as well as the potential for the school, and that's why I'm still here completing my sixth year as a teacher in the Social Studies Department. I love working with Junior and Senior high students. Their energy and vitality are stimulating and I really look forward to each new year.

"Being a Senior"

Graduating? Am I actually that old? When I look at myself I know that I still look about the same as I did in my Freshmen picture; yet I'm told that soon I will be graduating. I can still remember my first day in High School. I would sit at the lunch table and watch all of the mature upper classmen. They were the ones who drove cars, worked at the clothing stores downtown, were members of the Homecoming courts and knew everyone in the high school by their first name.

It is so odd for me to think that soon I will be in college and I will be joining the "adult world". Will I begin to look or feel different? Sometimes I wish I could just leap into the time-zone so that everything would stay the same. I would not have to worry about change or experiencing new things. I would be able to enjoy working in the Circle, writing essays every week, trying to get my checks excused, selling all sorts of stuff to raise money, being first in the lunch line, attending parties with Wilcox and Suess originals, cleaning up the campus, staying up late to get all of my notebooks done and just doing all of the things I love to hate. After I graduate, a part of me will be gone, and I'll never be able to experience it again.

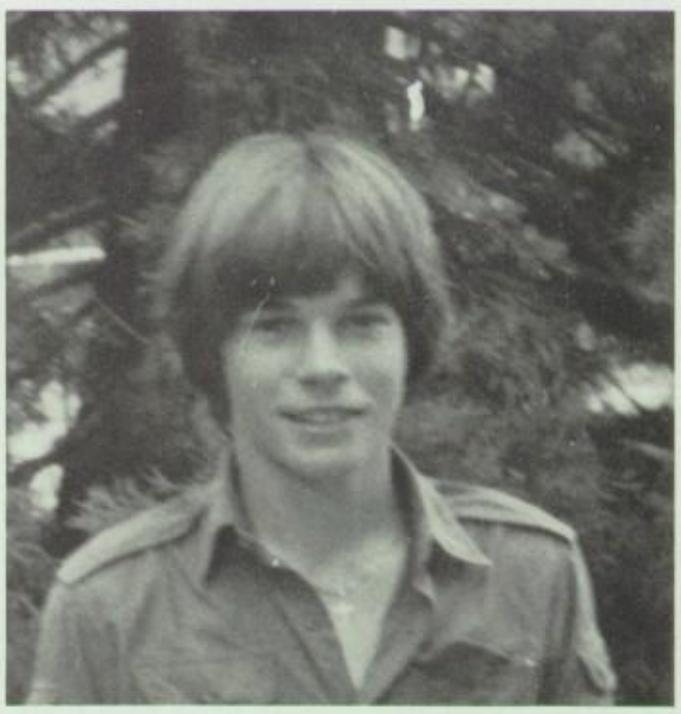
YOU'VE COME A

CAN YOU MATCH THEM UP??

LONG WAY BABY

COME ON--GIVE IT A TRY!!



"The Pursuit of Happiness"

Pursuit of happiness -just say it and in your mind you see everything you think will bring you happiness. Possessions seem to inspire thoughts of happiness in most people. They are wrong! Nice try folks! It is easy to say, "If I had that car I'd be happy." No way. People have this problem, they're greedy.

These people are better off than the people who have the, "If only I were," or, "If only I could," syndrome. If it is something that you can work at and become better, as your ability increases your enjoyment goes up. The good things in life do not generally come easy.

Happiness just kind of sneaks up on you. You can make a lot of money and hate your job, or you can have a lowly paid job and suddenly think, "I like myself, my job, and the people I work with." What makes one person happy isn't giong to thrill others.

If you want to read how to be happy, let me suggest a book, the Bible. It's the only thing that can come with a complete "Satisfaction Guaranteed" label. There is only one Person who can listen to, love, and fulfill every man, woman, and child on Earth...God.

"Importance of the Family"

We really don't realize the importance of our families. We just take it for granted that they are there to help us with our problems, encourage us in life, and help us financially. We should stop and think of all the time spent and love involved in our families.

Many times our families are broken, but this shouldn't let us down. Wherever and whoever our parents are, we need to have love toward one another and really show it.

A family doesn't necessarily mean our parents and brothers and sisters. A family is just a group of people who share and live together in unity. Just like living in the dorm is one big family. The deans portray our sisters. We need to have compassion with one another. Lots of patience is also involved.

It's sad to think that when one of our relatives or one of the family passes away, it's then that we realize how much he or she meant to us. Start now and show love to your family. They're so important to our lives. It's very important to establish a love in our families.

-Sonia Wendt

TWO SIDES TO

"Tug-O-War"

On November 9, 1981, the muscle-bound senior class took on the "world" in a massive struggle of humanity. It was a tug-o-war to end all tug-o-wars... a ton of seniors against a ton of everybody else. In the first tug, the seniors dominated easily, catching the "world" a little off guard. Their pride, however, took a beating when the "world", in a temptuous effort, won the second round. The rope was centered a third time. In the final and longest tug, the seniors prevailed and walked away, tired and drawn but proud in victory.

Senior-older, having a symbol of maturity. Rank, an indication of authority and responsibility. Service- a measure of worth to yourself and others. It would be easy to write a book or preach a sermon about each of these aspects of your seniority, but I'll concentrate on the last one in the list, and let Jesus do the talking.

"If anyone deserves to be first, he shall be last of all and servant of all." (Mark 9:33-35). Its natural to want to be prominent, to be in charge. And, praise the Lord, it is His plan for you that you should be as successful as you can possibly be. As is always the case, however, God has not only the desire for your success in life but also the plan whereby you can attain it. If you go it His way, success is assured; and if you go at it in any other way, failure is assured. Gained out of God's will and God's way, power, position, wealth, and fame are all failure, because God's measure of success is simply how many people you are able and willing to serve.

Seniors, throughout your lives you will be surrounded by people who need your particular kind of service. People who need you to serve the Lord Jesus Christ to them. People who need love served to them, in all its many delicious flavors. People who need leadership served to them. The more you can and will serve, the higher you will go until who knows, you may be willing to serve everyone in the country. At that point, you will be worthy of being elected President of the United States.

God bless you as you move into lives of service.

PAUL LYONS

"COACH"

Mr. Lyons was born in Chicago, IL, November 10, 1947, but moved to Africa at an early age and was raised there. He went to Rift Valley Academy boarding school during 7-12th grades near Nairobi, Kenya. He thinks those were the best years of his life. His hobbies were fishing, swimming, and hunting elephant and other wild game. Africa is really considered "home" to him and he really missed it when he came to the states for college.

He attended Judson Baptist College for two years, in Portland, Oregon, and then transferred to Seattle Pacific College where he graduated with a BA in Physical Education and a teaching degree. Upon graduation in 1970, he got his first teaching job at Mt. Lake Christian School in Edmonds, WA. He started the first soccer program there, which was an exciting challenge for him. He spent two years in Washington, then he and his wife decided they needed a new challenge and applied overseas with the Conservative Baptist MAC Program (missionary assistance corps) for Morrison Academy, Taichung, Taiwan. He taught in a missionary school where half the kids were from military families. He again coached soccer and had one undefeated season. He also taught 7-8 grade World History and Physical Ed.

After spending two years in Taiwan, he first heard of Monte Vista through a Board of Regents friend, Dave Hart. The first two years at MV he was assistant dean to Mr. Wetzel, and taught PE, coached soccer, basketball, and helped with track. He then became Head Dean when Mr. Wetzel became Principal. After five years in the dorm he "retired" and now teaches, coaches soccer, and is Athletic Director.

One of his favorite things to do is coach soccer. He had the honor of returning to Africa with a Sports Ambassador College All-Star team four years ago. Two years ago he had the opportunity to go to Europe and Israel with Soccer Friends, an organization that he founded. This summer he and his wife are planning another sports outreach trip to Africa.

Board of Regents

The Monte Vista Board of Regents

A friendly, dignified, austere, and helpful group of men and women come to visit the campus two or three times each year to give ideas and to help further the ministry of the school through campus and program enhancement.

These special people have diverse vocations and a cross-section would include: ministers, doctors, teachers, housewives, developers, salesmen, farmers, technicians, oil wild catters, and others.

For many years, Regents and friends of Monte Vista have been on the lookout for ways and means to help the school and ultimately the students. They have been involved with the financing of various school projects, including our Junior Olympic size pool. They also lift up the school with their prayers and we do appreciate that.

We appreciate their dedication to the great work of these 55 years and those in the future.

Soccer '81

What a season! Mike Rivas ended up as the highest scoring freshman in MV's history. Great performances were added by Devin Eckhardt, Jon Hixson and Adam Varni. Marty Holz (Rash) added 10 goals and Brian Thompson was always a threat. Our defense, made up of Steve Boudreault, Dave Knopf (Knoper), Bill White and Carl Fleming was tough. Our goalie, John Manning (Sa-Hib) was great while Steve Sutter, Derek Skaggs, Dan Diller, Eric Wetzel, and Mark Kanko rounded off the team.

Maybe someday we all may meet at Denny's and talk of old times. Thank you, Gentlemen.

JV Soccer

Our toughest game was against Berean. In it the JV's proved to themselves that hustle and playing team soccer was the way to defeat the opponent. We had many outstanding players in that winning game.

Doug McGhee was consistent throughout the season and often kept the team a winner. Randy Chapman and Robert Harris constantly improved on defense.

The strength of the JV's was their ability to improve week after week, gaining the confidence needed to be winners. I'm proud of the 1981 Junior Varsity team.

VARSITY

Varsity Volleyball

The Mustang varsity team finished the CSAL season in 3rd place with an 8-4 league record and a 13-5 overall record. The team came only points away from finishing in the top two of our league, and a berth in the CCS playoffs.

The season was very exciting. As with every game, the girls demonstrated great amounts of improvement, both individually, and as a team. We began the season with four returning players from last years 9-3 varsity team, and 5 girls from the JV team.

After losing our first two league matches we went on to win eight of ten league matches along with a three game sweep against a strong MV alumni team.

Five mustangs were awarded with all-league honors: Suzanne (team MVP), Sonia (1st team), Teri (2nd team), along with Jenny Wray and Toni Peverini (honorable mention). Lisa Kahmann was voted most improved.

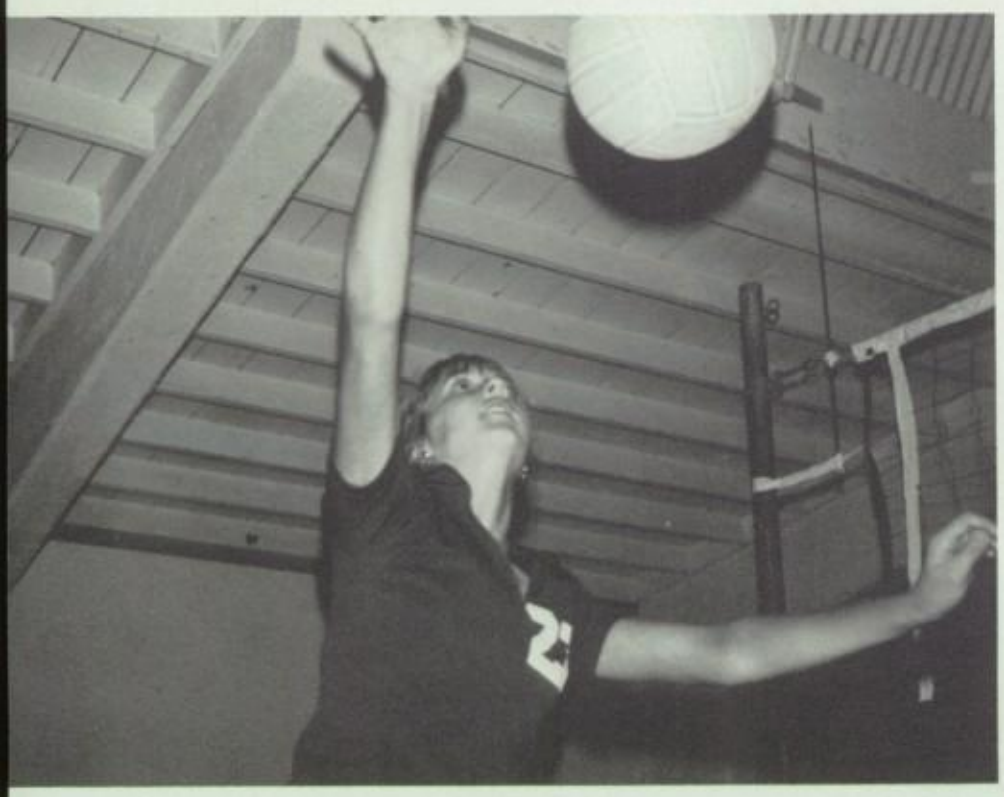
J.V.



The Mustang Junior Varsity team had a short but successful season. With consistent overall steady play, they ended the season in first place with an undefeated 6-0 record.

Maureen Ridgeway's consistent serving and the strong play of Theresa Kueneman won many points for the team.

With the experience gained this season, these girls should be a welcome addition to the MV Varsity program.

Theresa Kueneman was the most valuable player, and Karen Hart was voted the most improved this year.

JH Volleyball

Monte Vista can be justifiably proud of its Junior High volleyball team this year. It was the first team in our school's history, at the Junior High level, to pass the ball to the setter and spike it successfully. We were the only team in the league to do that. One highlight was the trip to Hollister to take part in their tournament. We placed third, although we played well enough to win. MVP's were Freya Mermis and Joan Chapman. The MIP was Cindy Kane.

CROSS COUNTRY

This season at MV was a challenge to the schools long and consistent cross-country success. With only one returning letterman from last year, our young but determined runners worked hard to earn their mark in league standings. Kathy Bloesch, our only girl runner, did an outstanding job, taking third place in girls competition. The other team members also worked hard to make the team a success. With most of this years team returning, next years team looks to be even stronger.

Going into this season, Coach Bob Hughes realized this was to be a building year. With only 4 returning lettermen and only two senior hoopsters, the final record was well below .500 Part of the problem, according to Coach Hughes, was the definite lack of height. Our tallest player, Tim McCandless, stood but 6'2". Leading scoring average was junior Wade Watson with a 12.5 points per game followed by Dave Knopf with 10.9 points. The best rebounder was Mr. Knopf. Carlos Gomez will return next year to continue his outstanding play as "point-guard". We can look forward to next year with six returning lettermen and the outstanding coaching of Mr. Bob Hughes.

The JV team experienced some challenging opponents this year and they put out a lot of energy and effort. Their hustling on the court did not gain them wins, but it did provide them with playing experience this year.

Each player on the team contributed to our seasonal efforts. The front line provided both strength and acoring power. Our guards were a scoring threat with their speed and defense. Every player showed lots of improvement throughout the season, but our most improved player this year was Haitham Asaad.

Our boys A and B teams were in a new league this year. We played some very talented teams including some public schools. Both of the teams had very good seasons.

Although most of our players were inexperienced, they improved with each game. Elgin Bobo led the B team, acoring with a 10 point average per game. Steve Martin and Byron Bobo led the A team with about a 10 point average each game also.

VARSITY GIRLS

The Mustang cagers were paced this year by captain Melinda Clark. Melinda was a returning letterman and the team's leading scorer.She earned the honor of MVP this year.

Theresa Kehoe, another returning senior, led the Mustangs in rebounds.

The other returning players this year were Sheri Francis and Heidi Watson.They contributed very much to this years team.

New to the Mustangs this year were Wendy Wessels,Kim Schodrof, Janice Manion, Carmen Merlano, D'Lynn Esch, Toni Peverini, and Suzanne Kehoe.

-"Coaching this year's team has been a true blessing."

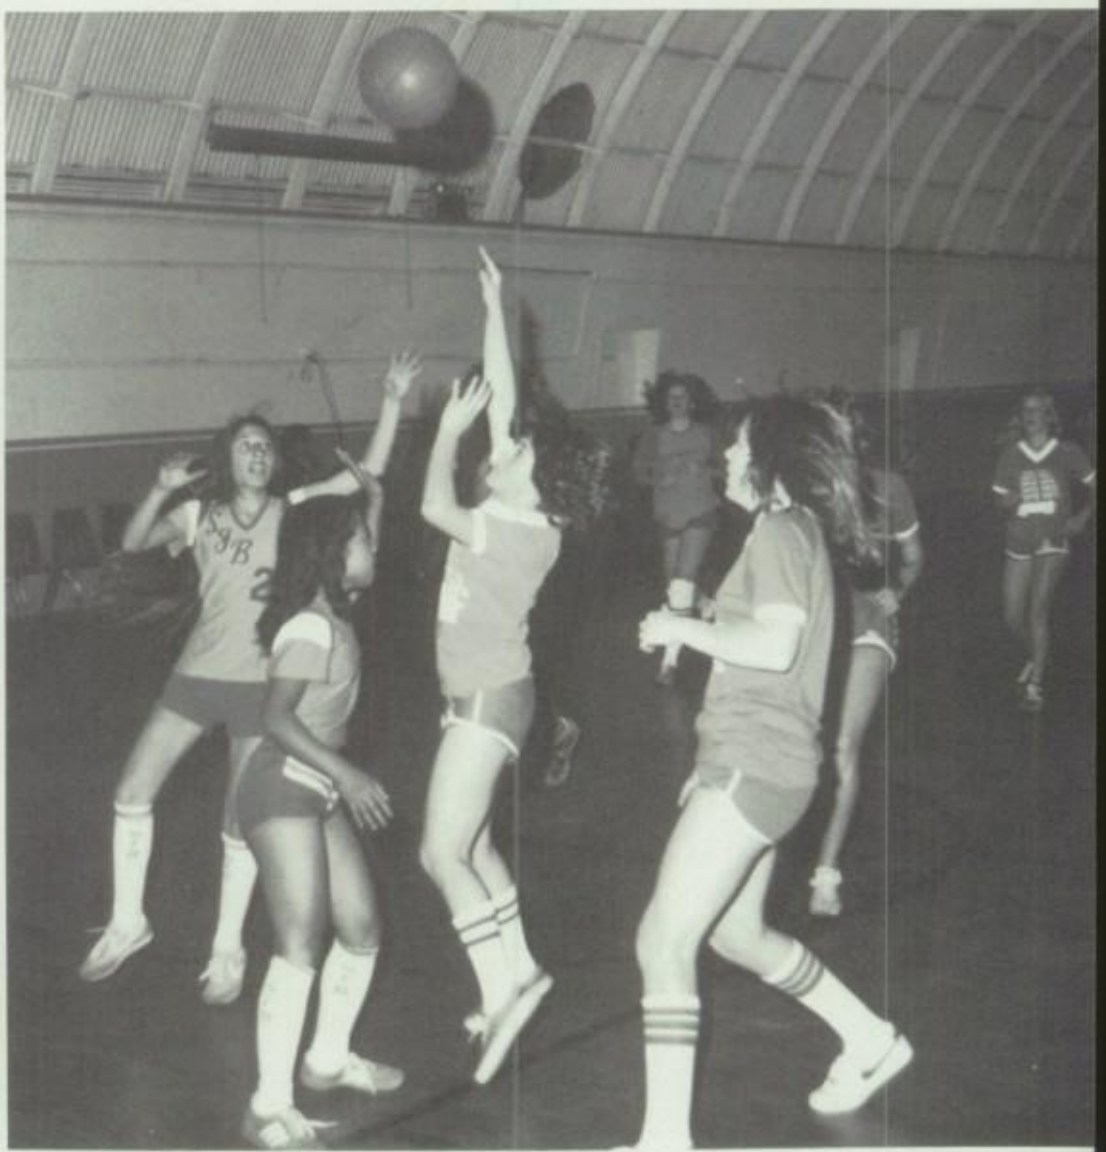
"A" team- F. Mermis,D. Luedke, M. Axie, M. Miles, C. Gospodnetich,S. Spence, J. Chapman. "B" team- S. Guynn, E. Imhof, C. Fix, K. Anderson,B. Riley,T. Taylor.



The JH girls "A" team was faced with stiff competition in their new league. Although they were beaten soundly on a number of occasions, the Mustang girls had their share of victories, too. One victory came against San Juan Bautista, 20-2; another came when the "A" girls trounced Sacred Heart of Salinas 36-6. By tournament time the girls hoped to have their "act" together.

Although the "B" girls have yet to taste victory, their "never say die" attitude makes for exciting games. The "B" girls have shown great improvement with each game.

VARSITY BASEBALL

We had a young baseball team that showed some promise of becoming very competitive in the next year or two. With only three seniors on the squad, we looked to our sophomores and juniors for a spark. At any level of baseball, pitching is the key to success, and we could have used some help in that area. We came up with some exciting plays and the team gained valuable experience in working together.

"Lose and not be defeated--Win and not be conceited!" This was the motto for the 1982 Varsity Softball Team. The girls entered the season as defending League Champs with determination and desire to repeat their performance. Captain Suzanne, along with Toni, Teri, Robin and Kathy made the team one of it's most talented ever. Each new recruit worked hard perfecting her position and the team executed well for the Lord!

I missed you as a teacher,
But I Don't miss Spanish!!
I didn't see much this year, but hopefully
I'll see you more next year. Hopefully next
year you'll have a pitcher for baseball!

Mr. Fest,
I doubt I'll see you
much this year but
next year I should be
around a little bit more.
Have a good summer. I hope
to see you more. God Bless You!

This year's team promised to be a top contender in the league. A lot of talent in such names as F. Mermis, T. Eyre, C. Treanor and C. Gospodnetich provided the team with a a good foundation and much stability. The team was deep in talent which exemplified a strong team. The Lord was certainly honored by this fine team.

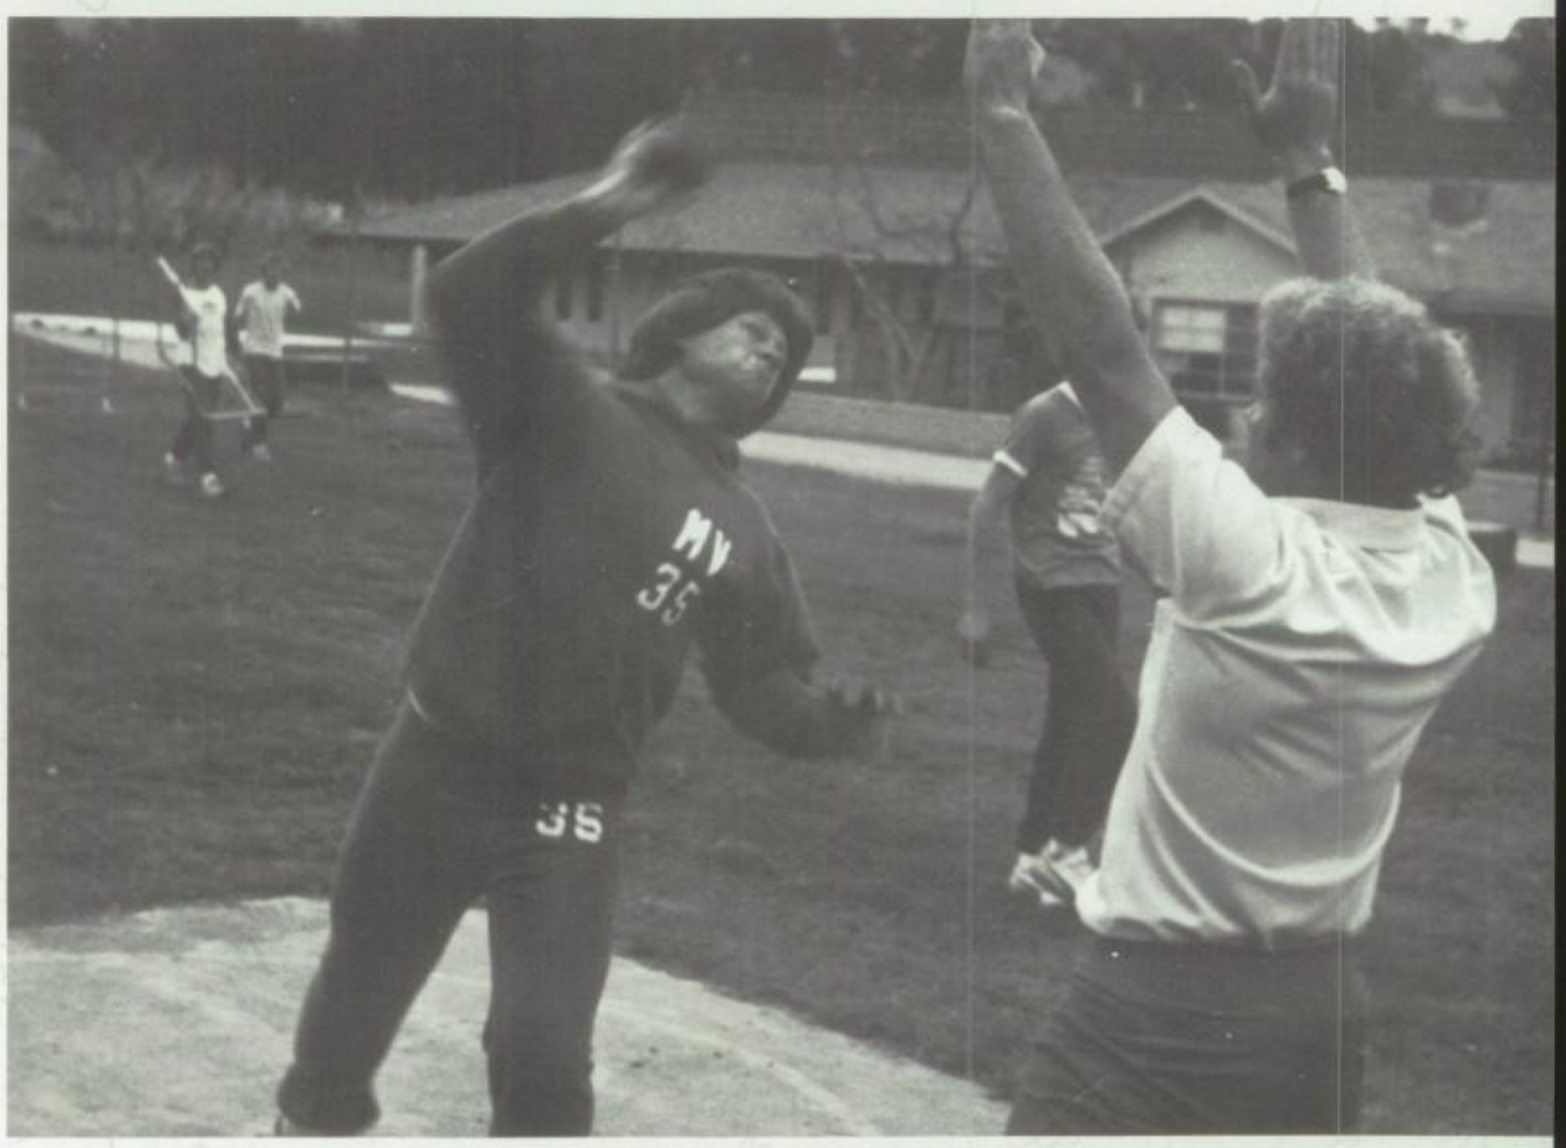
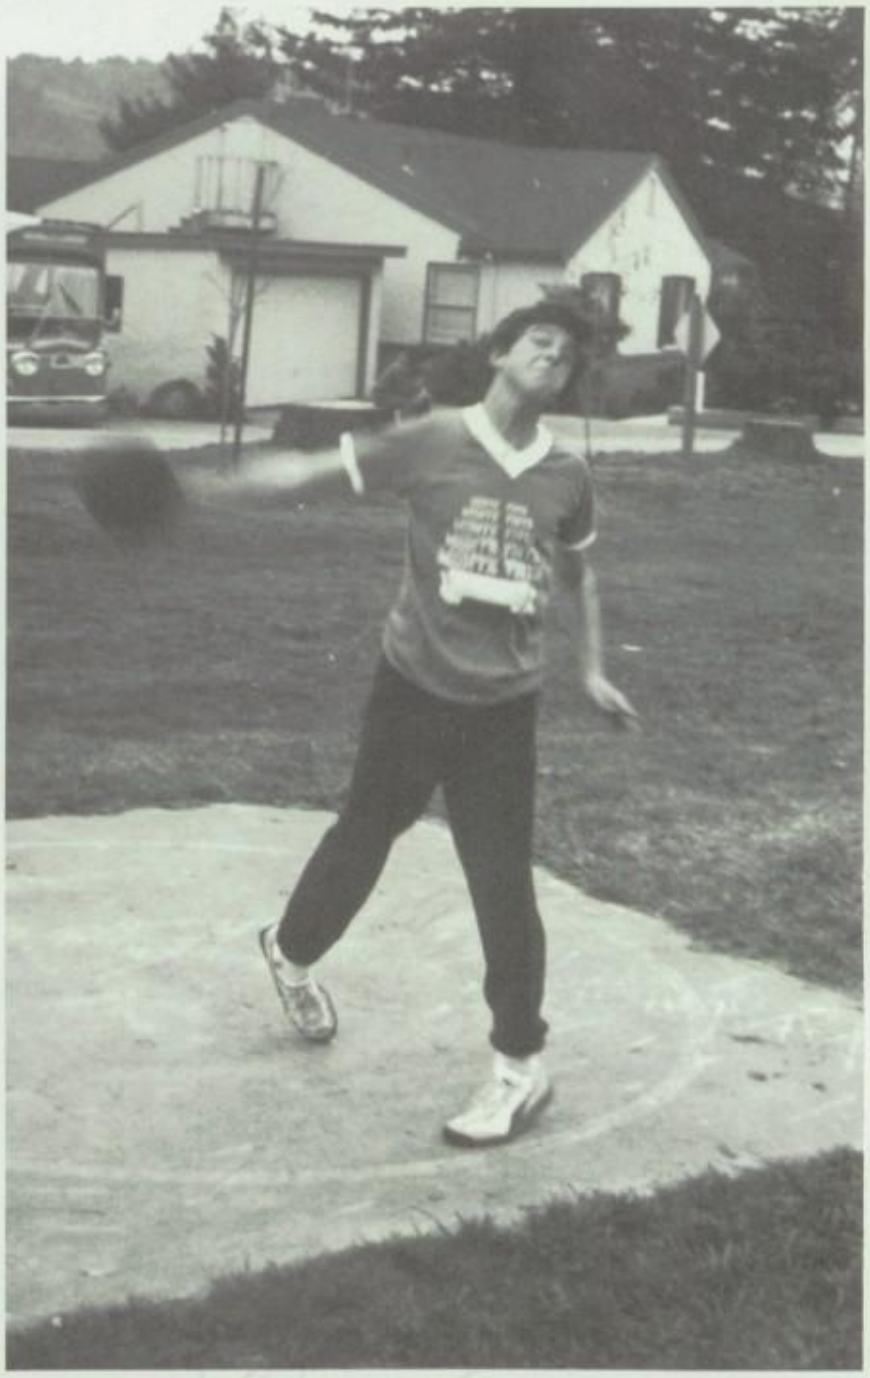
TRACK

This year's Track Team has seen many new athletes join a small but strong group of fine returning lettermen. The young talent proved to be disciplined runners who contributed greatly to the team. The backbone of the team included T. McCandless, Mark August, K. Hansen, D. Knopf, P. Ray, E. Wetzel, M. Clark S. Kehoe, W.Wessels and K. Schodrof. Their mental and physical toughness caused the successful season.

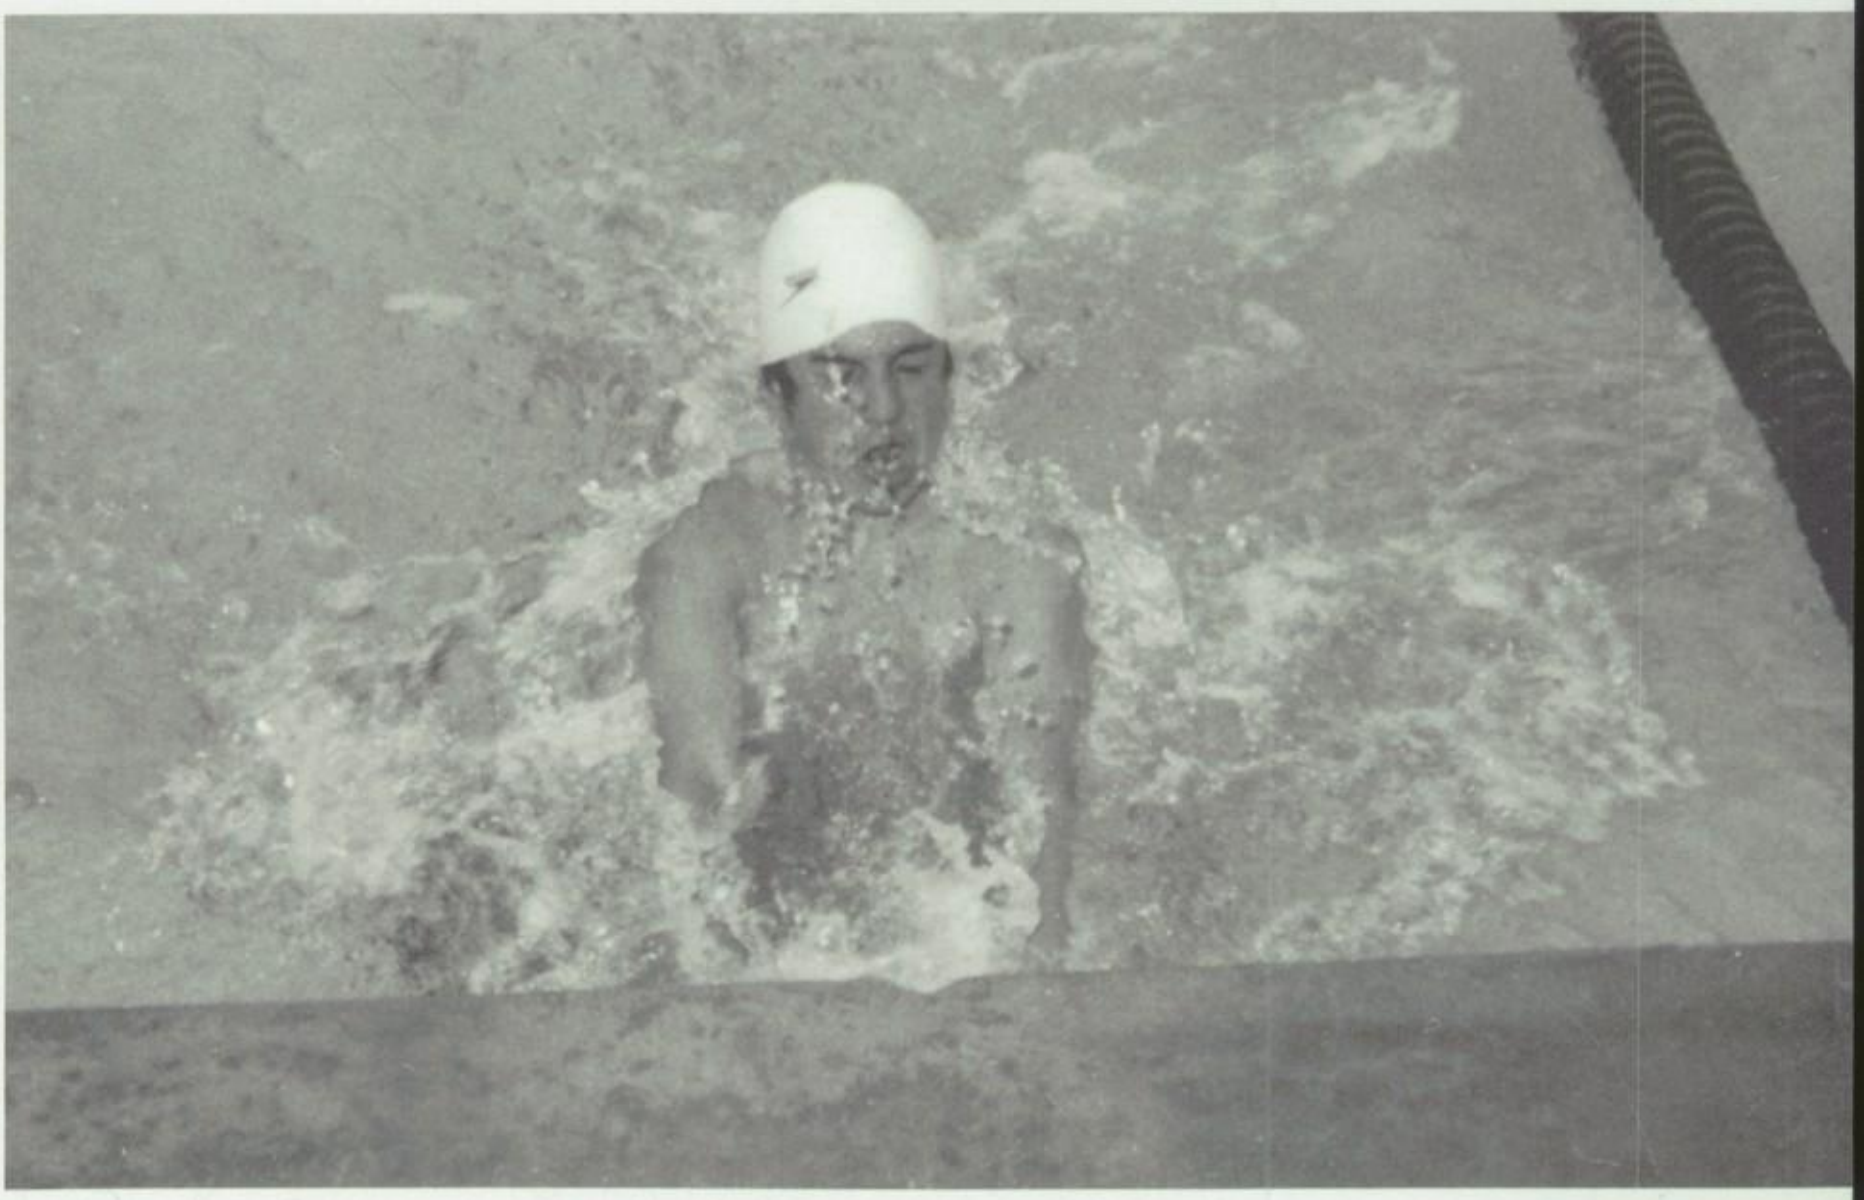




R1- W. Wessels, M. Basu, K. Schodrof, D. Isidro, D. Knopf, S. Kehoe, K. Bloesch, T. Sargent, T. Peverini,
R2- Coach Hellenga, B. Ridgway, K. Hansen, E. Wetzel, E. Miyasaka, T. McCandless, M. August, B. White, B. Passey, P. Ray, D. Hixson, Coach Lyons.

SWIMMING

This year's Swimming Team worked together to gain confidence and to swim competitively. In March, the team won a Third Place Trophy (Fresh-Soph) at the Harbor Invitational. There were eleven other teams (Public High Schools), so this was a real boost and in a sense gave our team a "second wind." It was a learning experience for all members and credit must be given to the coaches, Mr. Bosworth and Bill Kerslen.



D. Hixson, J. Spake, R. Risco, D. August, J. Oakes, J. Townsend, J. Gunson, Coach Bosworth, J. Workman, N. Maul, M. Herold, B. Atkins, S. Wendt, C. Freelander, J. Wray.

Our 1982 Tennis Team not only had a superb record but improved greatly throughout the season. The Mustangs were paced by first singles Wade Watson, second singles Jacques Saint Paul, and third singles Jaime Ospina. All three players finished the season with outstanding records going into the League Championship Tournament. The highlight of the season was clobbering Fremont Christian and Berean Christian back-to-back. Masayuki Kobayashi, Tatsuya Matsuzawa, Richard Moreno and Victor Tsang all played consistent doubles for the team.

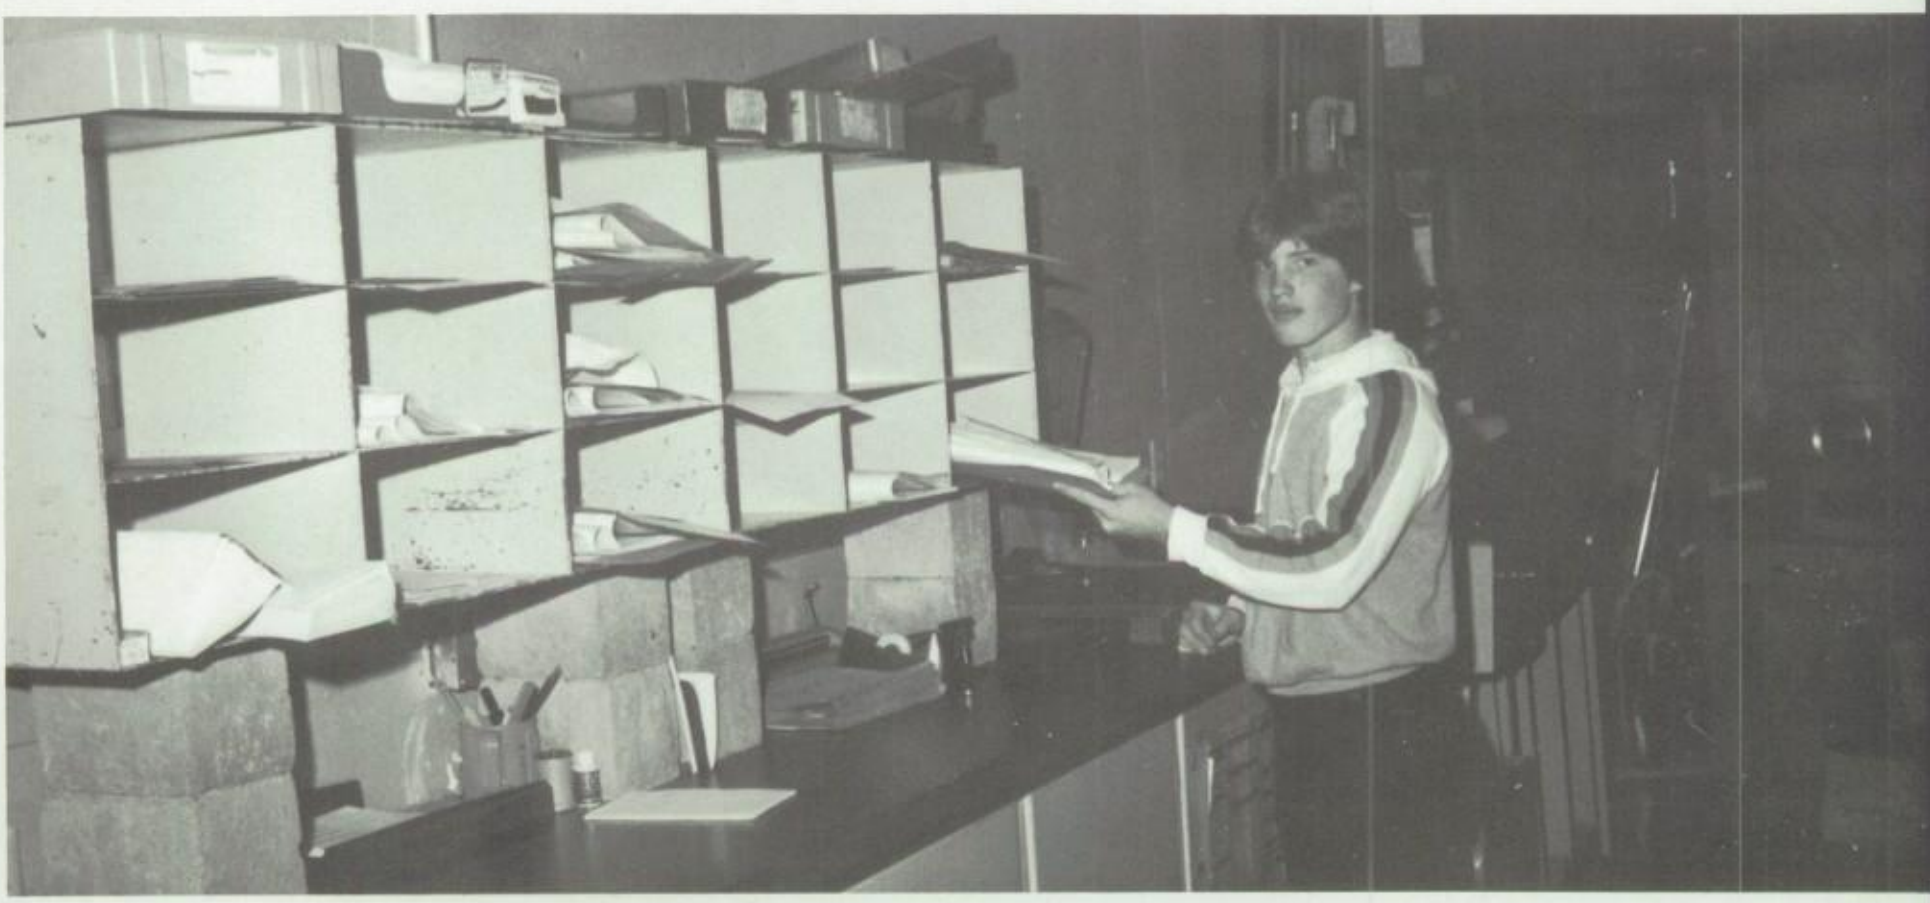
WE WORK FOR

Ravonda Hand spends about 15-20 hours a week in Santa Cruz. Riding on the Roller Coaster? Hanging Ten on a 10 foot wave? No. Unfortunately it's all business for Ravonda at Pleasure Point Hair Design. She's worked there this school year and plans to stay"until something better comes along." She uses her megabucks for personal spending and that elusive gasoline for weekend rendezvous.Her job calls for mixing the solutions for permanents, answering the phone, scheduling appointments,and general clean-up.There aren't many of us that can handle school work and a job, so hats off to this working girl.



For six months Jeff Byus has worked at Granite Construction. I asked him if he wore one of those little yellow hats and shoveled dirt with big tractors, but he explained that he takes care of all incoming and outgoing mail as well as the banking records. Jeff enjoys working. He says, "I've found that money doesn't come easy. Also, having to work in the same company as my father is an added responsibility." He enjoys the people he works with, although most of them are older , and he is looking forward to working for Granite Construction another 2 yrs.

A LIVING

Our man Rob DiStefano can be seen carrying out his job as Petroleum Disperser (he pumps gas) at the Mobil station on the corner of Green Valley and Freedom Blvd. He's worked there most of his adult life (1½ years) and when asked why, he replied, "I need money for basic living expenses. Without it, I wouldn't have any transportation." (This reporter wonders if he gets his fuel for "free". What about that, Rob?) He went on to say, "Working gives me a feeling of security, independence, and accomplishment." Rob enjoys his work and the guys he works with and plans to stay there until the end of this year.

Tammy Sanders has been wroking at Weird Herolds for 8 months. When the Yearbook interviewed her we were overwhelmed at the amount of responsibility Tammy takes on. We asked her if it was degrading to make sandwiches bigger than herself. Her answer staggered us;"No", she replied.She says that school interferes with her job, but she needs the money to keep her gas tank filled. The money she makes is also used to purchase her clothes. Tammy's responsibilities include keeping Weird Herolds spic and span and sometimes closing up on her own. She intends to work until the end of her high school days.

WE GOT ACQUAINTED

This years Get Acquainted Party was a big success with about 150 students attending.

The evening began with two songs by Mr. Wilcox and Mr. Suess who sang their versions of "California Girls" (changed to "Monte Vista Girls"), and "We've Only Just Begun".

Next, we had several games such as "William Tell" and the "Balloon Burst". During "William Tell", one member from each class wore a candle on his head, and using a squirt gun, tried to put out his opponents candles. The "Balloon Burst" drew much participation because 10 members from each class tied balloons to their ankles and tried to stomp out the balloons of the opposing teams.

Later, Laura Hardy sang a song and Mr. Suess closed.The rest of the evening consisted of refreshments and swimming.

HARVEST PARTY

During the haunted evening of October 24th many goulish fiends and friends came to terrorize and fantasize at the MV Gymnasium. It wasn't a pretty sight, but with the ghastly games, mysterious movies, eerie entertainment by Wilcox and Suess, and fanatic food, we all managed to squeeze in lots of unforgettable fun.

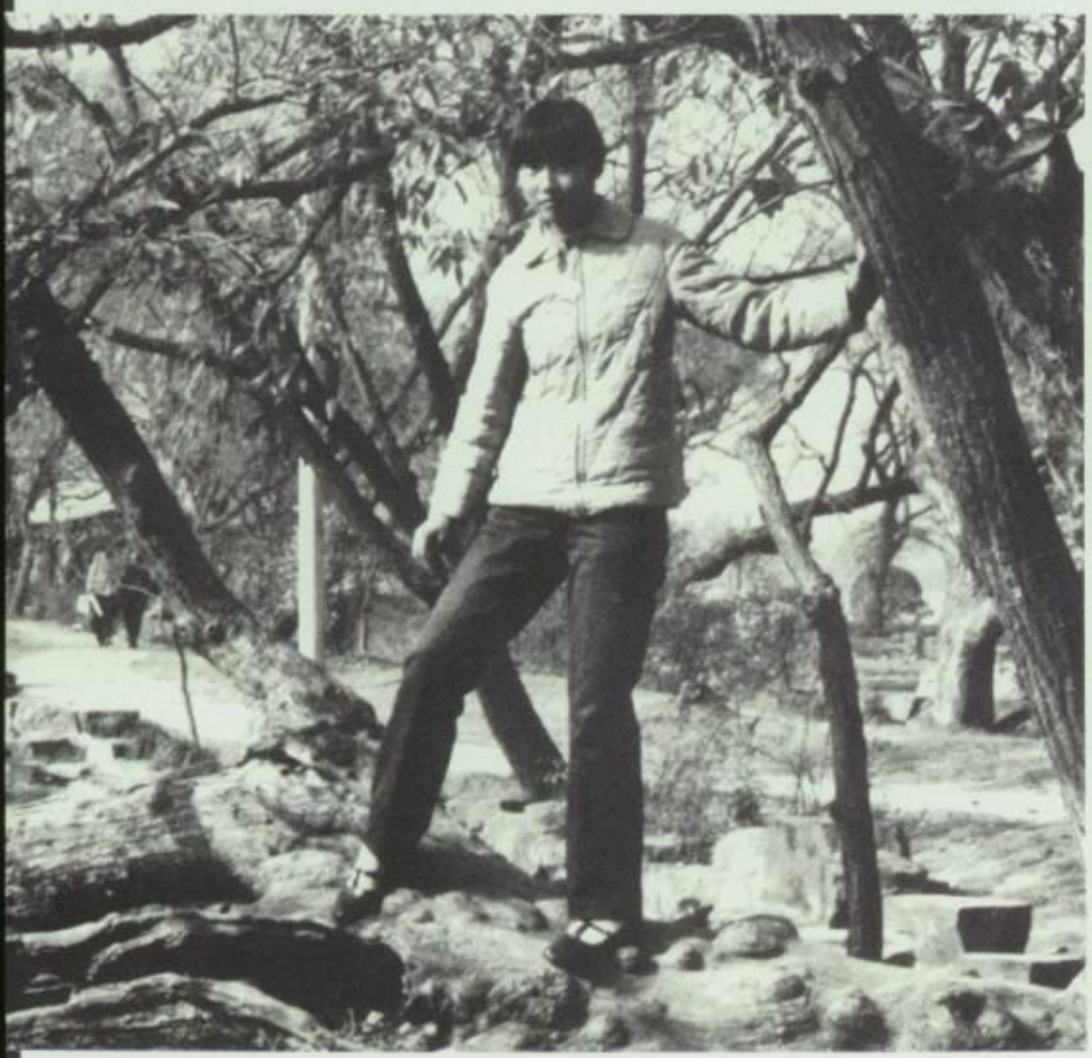
FOREIGN STUDENTS

Graduating Senior Ben Luk, from Hong Kong, extends many special "Thanks" to the Monte Vista Staff!



Our "family" is blessed each year by our wonderful foreign students. Coming from places like Peru,Columbia, Mexico, Egypt, Saudi Arabia, Iran, Japan, Korea, Red China, Hong Kong, and Corralitos,these kids are able to help us understand our worlds' cultures a little bit better. We commend them for having the courage to live here and learn our ways and language.

BOARDING

As a hundred and ten boys and girls move into their dormitories at Monte Vista, a whole new experience of life-long value begins...breakfast bells,room checks,class time, chapel bell, mail call, recreation, evening study hall,weekend activities, and then church for all on Sunday ...this "living-in" program, under persistent guidance of a skilled, Christian faculty, has proved the time-honored fact that every pupil is better known and trained in a good residence school. Practical work obligations develop skills and initiative. Each pupil soon learns to value the responsibilities as he sees himself maturing much faster than is possible in many of today's artificial environments.

Student leaders help everyone to become involved and to contribute in a manner that promotes honesty and respect for others. Friendships become stabilizing and lasting.

ORGANIZATIONS

CHOIRS

The music program is certainly diversified this year. Our high school choir went to the ACSI Musicale and also sang in various churches and schools in the Bay Area. The junior high choir produced the musical, "The Music Machine" with great success. The Songweavers ministered to different churches, schools, hospitals and rest homes. The bands did their part at games and assemblies to make them fantastic.

Our music program is growing and we appreciate the dedication and talent of each student. Special thanks to Miss Hood for her hard work and constant support.

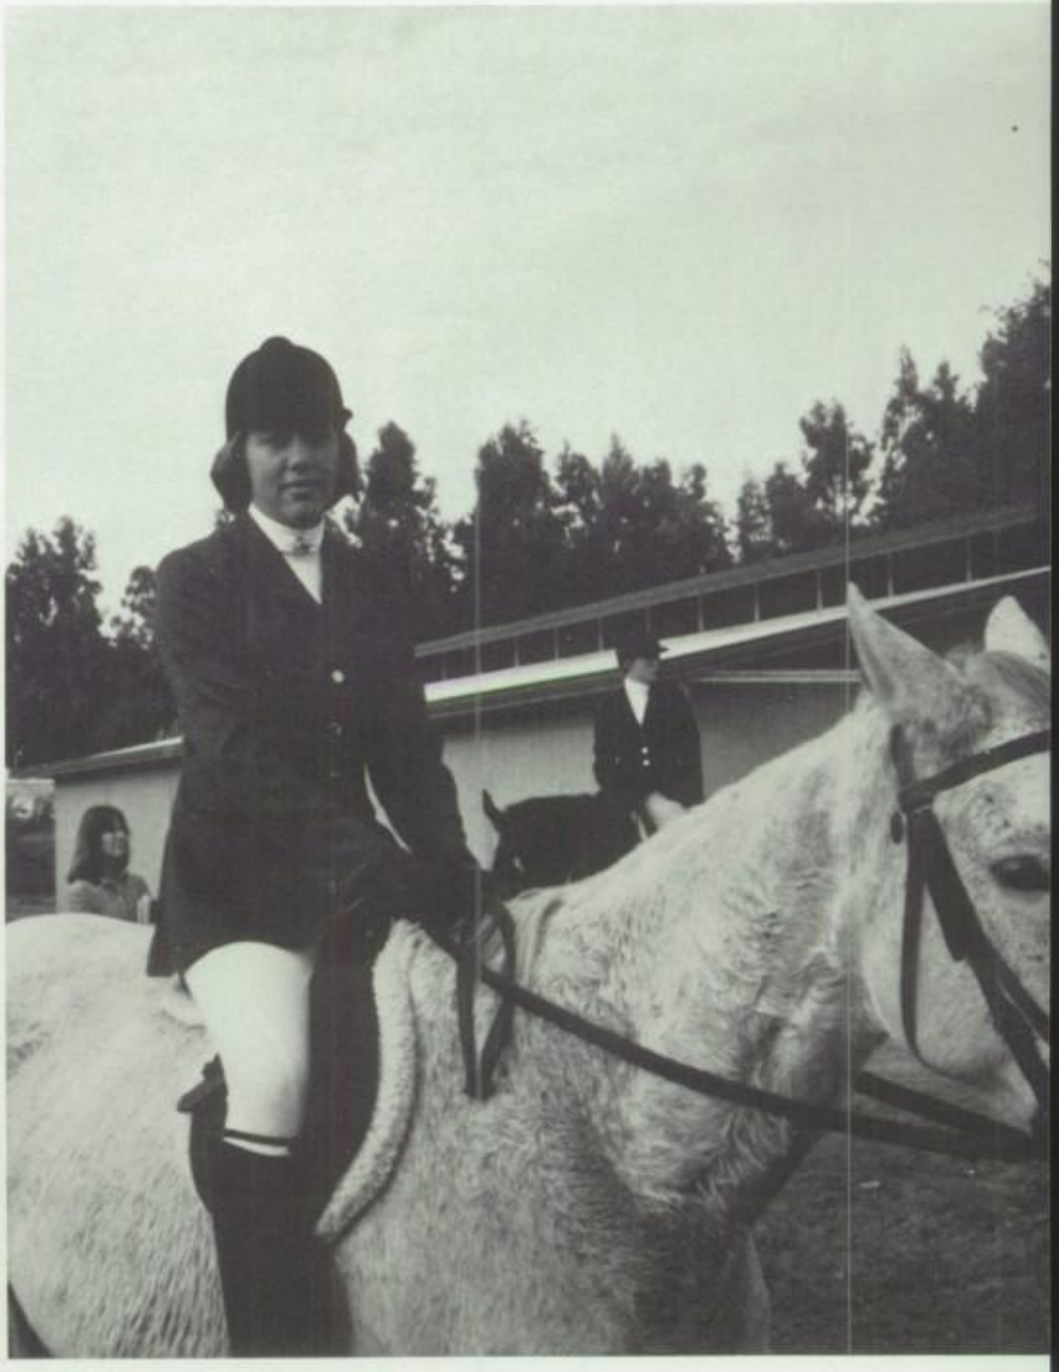
HORSIN' AROUND

Horsemanship

T. Mierhoff, R. Kennedy, J. Machado, G. Grisham, E. Imhoff,S. Brombaus, K. McCarty,L. Lynch, J. Johnson, L. Benson.



Horsemanship is a pretty exciting class. You learn a lot of different things such as: how to ride English style; how to saddle and bridle a horse; how to use your legs in controlling the horse; preparation for trail riding; basic understanding of ring and pleasure riding; safety with horses, and introduction to vaulting. Horsemanship is a class where you learn and have fun all at the same time.

Horsemastership is for advanced riders.These students have more experience and they take care of our horses. Horsemasters are allowed to bring their own horses and they board them in the barn. They go to horse shows and take special field trips, too. If you are an experienced rider, Horsemastership is for you!

This year the Surfing Club was an official part of the Monte Vista curriculum. Surfing was offered to interested boarding students as a 7th period P.E. class. The class included a conditioning program of weight training and swimming as well as instruction in surfing.

Students were transported to and from the beach in a 1968 Checker limousine and were provided with equally vintage ten foot long surfboards. Surfing spots visited over the course of the year included Cowell's State Beach, Pleasure Point, and Manrese State Beach.

Two boys came to the class as experienced surfers, however, most of the students were novices. Several were able to stand up and ride waves after a few sessions, and although none of the beginners made the cover of Surfing magazine, all had tales of "radical tubes" and spectacular "wipeouts".

Individuals involved in the club included:

M. Angellar	B. Happee	T. Parrott	B. Stelcik
H. Asaad	S. Herron	A. Parsazad	S. Telford
D. Atwater	T. Holmes	S. Rutter	K. Wilson

D. Eckhardt,J. Manning, J. Hixson,
D.Knopf,C. Fleming,A. Varni,M.Holz

The Varsity Club is a unique organization. It consists of 8-10 varsity lettermen who spend many of their Saturdays working at odd jobs to raise money for a particular project.

Some of the projects that have been accomplished by them and past clubs are the jacuzzi in the boys dorm,The weight machine, the scoreboard, the choir speakers, and uniforms that the teams enjoy.

Their willingness to give of themselves in greatly appreciated.

STUDENT COUNCIL

The Monte Vista Student Council has been actively involved in many old and new activities this year. During the first few weeks, they could be seen working at registration, cleaning, helping remodel the Circle, and planning the parties and banquets to come.

Besides the regular activities such as campus-clean-up, class fellowships and fundraisers, the new activities were operating the Circle, banquets held off campus and student leadership in chapels.

Throughout the year, we have been very thankful for the support and encouragement we have received.

Working in Student Council has truly been a learning experience for us all.

DRAMA CLUB

Brad Bauer,Robert Dinsmore, Rob DiStefano,Cyndi Ward, Luana Pedota, Janine Cox, Andy Kitts, Donna Woodburn.

....tense moments...clammy plams...hot lights..streaking makeup..the audience breathes en-masse..the announcer begins ...."Christ in the Concrete City".... On the road again the Monte Vista Players are portraying the death of Christ in a modern setting. Usually performed by college groups,this play is brought to life by the talented people pictured here. Before we are through, we will have performed this play a dozen times in as many locations. It is our purpose to represent our school and even more important to present the passion of Christ in such a way as to move and inspire our audiences to greater levels of commitment. We love it. Thank you Lord for these opportunities to love You.

EDITOR'S PAGE

In the beginning there was chaos...it was not good. The book was without form and void, and darkness filled our minds. And the Spirit of Mr. Wilcox moved across the campus in search of an Editor and he said, "Let there be Laura."

As I began my duties, it was immediately obvious that there was more work to be done than I could accomplish myself, so I got a staff. What a staff it turned out to be!! Little did I know that not one person had ever worked on a Yearbook. It was definitely a learning experience that I wouldn't have traded for the world.

I'd like to thank Jenny Wray, Kathy Reiswig, Jacques St. Paul, Jenny Jennings, Wade Watson, Barbara Wilson, Theresa Kueneman, Sharon Spence, Jennifer Bush, and Kathy Bloesch. A special thank you to Mr. Wilcox for his continual support and irrational behavior.

The staff this year was a special group of people. They had the ability to get things done and have fun while doing it. At times we experienced panic as deadlines approached at supernatural speeds, while at other times it was peaceful and calm. I'm proud of this year's Yearbook staff, as you should be, also.

It has become more and more obvious to me that God has played the key role in getting this Yearbook together. I must give Him much of the credit. It is my hope that in the years to come, this years Monte Vistan provides you with many happy memories of this year.

Love in Christ,

Laura Hardy

Mr. Frat,

You're a really good dean and I apritiate your guidance and strictness I think what I needed in life was some dissapline and I got it here at Monte Vista with your help. thanks for your help I'll hope to see you next year.

Love in Christ,

Darin Madden

Mr. Frat,
thinks for all the help this year and I hope you have good years to come. Have a good summer and hopefully I will be playing baseball next year.

Thanks,
Preston Nichols

me. fraticelli;

This year has been great. I'm glad that I got the chance to be your student and friend. this year I got to know you better through Steve and I am glad I had the privelege. In life you meet many people, but its special to share special times such as Christmas Eve. a more. Ive enjoyed your fun, and lively personality. youve brightened my days at M.V. thanks again for the part youve played in my years at M.V and my personal growth.

God Bless all you do.

Love Jennifer
